# Summary of the Year

1. The year was marked by a series of events that shaped the course of the nation's history. The political climate was tense, and the people were united in their desire for change.

2. The economic situation was dire, and the government was struggling to maintain order. The people were suffering from poverty and unemployment, and the government was unable to provide them with the necessary support.

3. The social structure was in a state of flux, and the people were demanding more rights and freedoms. The government was unable to meet these demands, and the people were forced to take matters into their own hands.

4. The year ended with a sense of hope and optimism. The people had achieved their goals, and the government was beginning to reform. The future was bright, and the people were looking forward to a better tomorrow.

## PROPOSITION SUBMITTED TO VOTERS

Counties	PROPOSITION 1	
	YES	NO
<b>TAX AND EXPENDITURE LIMITATIONS.</b> Initiative Constitutional Amendment. Limits State expenditures; restricts use of defined surplus revenue to tax reductions, refunds, or emergencies. Constitutionally eliminates personal income tax for lower income persons, reduces others' 1973 tax up to 20% from surplus, and reduces subsequent year rates 7 1/4%. Requires two-thirds legislative vote for new or changed State taxes. Limits local property tax rates except school districts'. Requires State funding of new programs mandated to local governments. Provides for tax and expenditure limit adjustments when functions transferred. Contains special indebtedness obligation provisions. Allows local tax rate and expenditure limit increases upon voter approval. Summary of legislative analyst financial impact estimate: \$170,000,000 annual reduction in State tax revenues and probable undeterminable future revenue reductions; reduction in projected State program expenditures of estimated \$620,000,000 in first year to \$1,366,000,000 in fourth year and increasing thereafter, with probable substantial offsetting cost and tax increases to local government. The initiative provision exempting certain low income persons from income taxes and granting a one-time 20% credit on 1973 income taxes for all taxpayers has been accomplished by legislation passed August 23, 1973, granting low income persons exemptions and granting others a 1973 tax credit ranging from 20 to 35%.

# Statement of Vote General Election November 5, 1974

*Compiled by  
Edmund G. Brown Jr.  
Secretary of State*

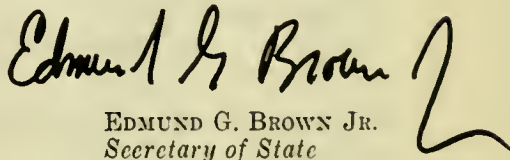

## PREFACE

The biggest vote of all last November was a vote of no confidence. More than half of the people who could have voted refused, apparently believing that what takes place in government has so little impact on their lives that they need not pass judgment on it.

During the last decade, there has been a steady decline in the number of persons turning out at the polls to vote in gubernatorial elections. In 1966, 59 percent of those eligible to register and vote went to the polls. In 1970, voter turnout declined to 54 percent. In this last election, voter participation dropped to only 44 percent. This Statement of Vote reflects this continued loss of voter interest.

I wish to thank those individuals who worked many long and tedious hours to compile this document: Edward G. Arnold Jr., Cashmere M. Apperson, Gayla Barker, and Caren Daniels in the Secretary of State's Office, and Jim Neagle, the graphic design department and the entire staff of the State Printing Plant, without whose hard work and cooperation this publication would not be possible.

This Statement of Vote, including the supplement, was prepared pursuant to Elections Code Sections 18756 and 18756.5.

  
EDMUND G. BROWN JR.  
*Secretary of State*

## **PREFACE**

For this report, the counties were asked to include the absentee vote by district in their Congressional, Senatorial, and Assembly district totals.

The counties were asked not to include the absentee vote by district in their supervisorial district totals, or by city in their city totals. The absentee totals were to have been reported separately and added to the district or city total to produce the county total.

The counties with asterisks did not comply with our instructions, and were unable to correct their report to give us the correct county totals.
